THESE MEMORIES, YOU HAVE GIVEN US

MRS. WILLIAMS AND MRS. LACY,

The memories you have given us will always be ones to cherish. Your unselfishness will forever be a shining example of your devotion as teachers and your boundless concern for all of your students.

We only hope that you will remember the students of Hart High as well as we shall remember you.

To you, we say thank you, knowing that this can never express our humble appreciation for your concentrated efforts.

Our love and respect will always be with you.

ADMINISTRATION

SUPERINTENDENT -
MR. ANDY GARDENHIRE

Students, Faculty, and Patrons:

My thanks to each of you for your personal efforts which have made this 1965-66 school year a successful one. A first rate school is maintained only when all work in harmony toward that goal.

It has been said that "Manhood, not scholarship, is the first aim of education." I believe this to be true, therefore, my prayer and my aim is that you, as students and ex-students of Hart Schools, will always be men and women with characters above reproach.

Sincerely,

Andy Gardenhire

MR. H. L. CHEATHAM

Members of the Annual Staff
Students of Hart High School

Congratulations upon this interesting yearbook. In 1986 when you read this book, many changes will have occurred, as they have in every age.

We do not know certainly what the demands will be upon you. We know positively that those who now meet from day to day whatever task confronts them will in those days be able to conquer. With an abiding faith that you will be able, I am

Very truly yours,

H. L. Cheatham

OUR FACULTY:

MECHANISMS OF TIME

MR. JEFF SMART
Social Studies and Driver's Ed.

Preparing today's youth for the future is one of the most important duties of today's adults. In this ever-expanding universe of ours, what is taught and learned today will be of great benefit to open the doors of opportunity in the future. A very small per cent of our adult population has taken it upon themselves to prepare our youth for the future. They are indeed mechanisms of time, working together to outdo time, to make it what it can be.
